

# BE PART OF A LASTING LEGACY TO BENEFIT CLEVELAND

Cleveland is surging ahead today because of committed leadership. The Cleveland Leadership Center (CLC) Endowment Fund will help ensure this upward trajectory by providing resources now and into the future to accelerate CLC's innovative and entrepreneurial activities.

Your endowment contribution will help:

- Expand opportunities for CLC alumni to make a difference.
- Nurture initiatives that impact those most in need.
- Position individuals and organizations to address community priorities.

## Why I gave...

*"It is important to build an Endowment to subsidize new initiatives and projects outside of the annual budget. Leaders give back ... and, through their time and generous dollars, make a real difference in successfully providing for and protecting our community's future."*

MARC BYRNES

Chairman, Oswald Companies, CLC Trustee Emeritus,  
Inaugural CLC Endowment Fund donor

## GIVING LEVELS
