WELCOME!

In fiscal year 2022, CLC engaged 2,409 unique participants across our myriad programs and events. Participants gained a deeper understanding of our community, honed their leadership skills, and delved into complex social and civic issues. That’s more than 2,400 people who are better equipped and inspired to make Cleveland a better place for all. Click on the boxes below or scroll down to explore the year.
Each year, hundreds of individuals from high school through retirement become stronger leaders by honing their leadership skills, forging relationships that create impactful collaborations, gaining a better understanding of the complexities of critical community issues, and discovering new ways to make a difference in our community. After graduation, these individuals are better able to contribute their strengths in their professional and civic work in over 900 unique organizations.
Unique experiences are a key component of CLC’s work in advancing the knowledge, skills, and civic involvement of the Greater Cleveland community. Our events reach a broader audience – thousands of individuals across Northeast Ohio each year – increasing our impact far beyond that of our programs alone. They help launch new initiatives to benefit the community, broaden and deepen leadership skills, connect leaders, and provide ongoing education on a wide range of issues and topics.

CUSTOM OFFERINGS

CLC leverages the talent and expertise of the CLC staff to create customized leadership development and civic engagement programs for local organizations. We have staff members who are certified IDI® (Intercultural Development Inventory®), Strategic Doing™, and TetraMap® facilitators. The content and scope of each offering is tailored specifically to each organization and the goals they wish to accomplish. The programs engaged hundreds of participants across 13 organizations in FY22.

Veteran’s Administration (VA)
A half-day workshop for the VA leadership team exploring racism, empathy, implicit bias, and civil civic discourse.

Entrepreneur’s Organization
A half-day Strategic Doing™ workshop and guidance on how to apply the concepts to their small business endeavors.

Saint Joseph Academy
A semester-long series for students on women in leadership roles, including immersive service experiences and hands-on project learning.

The City Mission
A six-month workshop series for the entire staff focused on DEI, including empathy, implicit bias, cultural humility, organizational racism, and how to have crucial conversations around race.

Lakewood High School
An educational leadership development series for students around critical thinking, civil discourse, and exploring identities.

The Foundry
A six-week civic education course focused on youth and poverty to help Foundry staff better serve underserved youth.

St. Edward High School, Center for Community Solutions, and Greater Cleveland Neighborhood Centers Association
Single session TetraMap® facilitations to help employees better understand their coworkers and team dynamics, and improve interpersonal communication.

University Hospitals (UH)
A half-day teambuilding experience for the UH pharmacy team including a TetraMap® session, trust building, and a team rowing activity.

University School (US)
A two-day civic immersion and service learning experience for all US freshman exploring a variety of social and civic issues.

Assembly for the Arts
Co-created a six-month leadership program to enhance the leadership, business skill, and entrepreneurial spirit of local arts leaders with Assembly for the Arts.

Padua Franciscan High School
A half-day leadership and personal development workshop for student group leaders to explore personal identities, leadership perspectives, and goal setting.
Cleveland Leadership Center programs are evaluated through a retrospective pre-test to gauge growth across four guiding pillars: Civic Understanding, Relationship Building, Collaborative Leadership, and Civic Readiness. The charts below illustrate the percentage of participants who agreed or strongly agreed with each statement before the program (pastel portion) and after the program (the full bar). Last year, all programs showed increases across all indicators.
